EXPERIENCE

CodeSpace (Coding and Robotics Camp), Rondebosch – Lead Facilitator

Dec 2019 - Dec 2019

CodeSpace had a Coding and Robotics Camp where they were teaching Sonic Pi and Robotics to high school learners. I was tasked to prepare and facilitate Sonic Pi and Design Thinking sessions using the CodeSpace Curriculum.

Masonwabe Primary School (LSEN), Delft – Admin & Technical Support

Oct 2019 - Dec 2019

Learners with Special Education Needs (LSEN) teacher Mrs Manto Nabela was tasked to help primary schools (Leiden & Masonwabe) learners who struggle with their education. I was tasked to assist her admin work, and also to assist her with technical issues that she might come across using the work computer.

Action Volunteers Africa (AVA), Wynberg — Volunteer

Feb 2018 - Nov 2018

We were recruited in a year-long program (Year Beyond) to tutor Maths and English at underprivileged schools, in my case I was assigned to Leiden Secondary, and tutored grades 8 and 9s.

EDUCATION

Life Choices Academy, Lansdowne — Web Development

Nov 2018 - April 2019

I was part of a 12-month program, in which we had spent the first six months of learning web development. The rest of the six months is an internship (pending).

Action Volunteers Africa (AVA), Wynberg — YearBeyond Volunteer Leadership

Feb 2018 - Nov 2019

Whilst in the YearBeyond program we enrolled in a short course, which was to equip us with leadership, mentorship, and public speaking skills.

AWARDS

Social Innovation Challenge #1-
Contestants had to come up with the root causes of why the literacy levels are so low in RSA.

Social Innovation Challenge #2-
Contestants had to come up with an idea that will combat the main root cause.

Social Innovation Challenge #3-
This time contestants had to come up with a business plan on how they might implement their idea.

Delft Technical High School, Delft — NSC

Jan 2013 - Dec 2017

I spent my whole high school year at DTHS, we were also equipped with hard skills and communication skills.
